ALPHAONE SMALL CAP OPPORTUNITIES FUND

INVESTMENT OBJECTIVE

The investment objective of the AlphaOne Small Cap Opportunities Fund (the “Fund”) is to seek long-term capital appreciation.

FUND FEES AND EXPENSES

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees (fees paid directly from your investment)

Redemption Fee (as a percentage of amount redeemed, if shares redeemed have been held for less than 90 days)	2.00%
--	-------

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

	I Class Shares	Investor Class Shares
Management Fees	1.00%	1.00%
Distribution (12b-1) Fees	None	0.25%
Other Expenses	<u>0.30%</u>	<u>0.30%</u>
Total Annual Fund Operating Expenses ¹	1.30%	1.55%

¹ AlphaOne Investment Services, LLC (the “Adviser”) has contractually agreed to reduce fees and reimburse expenses to the extent necessary to keep Total Annual Fund Operating Expenses (excluding 12b-1 Fees, interest, taxes, brokerage commissions, Acquired Fund Fees and Expenses, and extraordinary expenses (collectively, “excluded expenses”)) from exceeding 1.50% of the Fund’s average daily net assets until April 1, 2018 (the “contractual cap”). In addition, if at any point Total Annual Fund Operating Expenses (not including excluded expenses) are below the voluntary cap (as defined below), the Adviser may receive from the Fund the difference between the Total Annual Fund Operating Expenses (not including excluded expenses) and the voluntary cap to recover all or a portion of its prior fee reductions or expense reimbursements made pursuant to the contractual cap during the preceding three-year period during which the contractual expense limitation agreement (or any prior contractual agreement) was in place. The contractual expense limitation agreement may be terminated: (i) by the Board of Trustees (the “Board”) of The Advisors’ Inner Circle Fund (the “Trust”), for any reason at any time, or (ii) by the Adviser, upon ninety (90) days’ prior written notice to the Trust, effective as of the close of business on April 1, 2018.

Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	1 Year	3 Years	5 Years	10 Years
I Class Shares	\$132	\$412	\$713	\$1,568
Investor Class Shares	\$158	\$490	\$845	\$1,845

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual Fund operating expenses or in the example, affect the Fund's performance. During its most recent fiscal year, the Fund's portfolio turnover rate was 27% of the average value of its portfolio.

PRINCIPAL INVESTMENT STRATEGIES

In pursuing the Fund's objective, the Adviser strives to build a portfolio with a risk profile less than that of the Russell 2000 Index that is comprised of both “value” and “growth” stocks. Value stocks are those the Adviser may deem to be priced cheaply relative to certain financial measures of worth. Growth stocks are those the Adviser may believe have above average prospects for economic growth. Under normal circumstances, the Fund invests at least 80% of its net assets, plus any borrowings for investment purposes, in equity securities of small-capitalization (small cap) companies. This investment policy may be changed by the Fund upon 60 days' prior written notice to shareholders. For purposes of this 80% test, equity securities include securities convertible into equity securities. The Fund considers small cap companies to be companies with market capitalizations equal to or less than one half of the weighted average market capitalization of the Russell 2000 Index at its annual rebalance. As of its most recent rebalance, June 30, 2016, one half of the weighted average market capitalization of the Russell 2000 Index was equal to \$851 million.

In seeking to identify investment opportunities for the Fund's portfolio, the Adviser begins with an initial investment universe generated from a broad number of sources including but not limited to industry referrals, previous knowledge of the company and rigorous due diligence such as company visits. The Adviser then evaluates each identified stock for desirable growth and value characteristics such as: high return on equity and assets; free cash flow; revenues and earnings per share growth; high interest coverage; and low price-earnings and price-to-book ratios. This evaluation results in a focused list of stocks that the Adviser then subjects to a deeper fundamental analysis focusing on both specific company and stock characteristics. In particular, the Adviser seeks companies displaying sustainable competitive advantage; strong management; long product cycles; and pricing flexibility. In addition, the Adviser also performs due diligence on individual companies, which may include meeting directly with company management teams, talking with competitors and suppliers, and utilizing sell side research as a gauge of internal research findings. With respect to specific stock characteristics, the Adviser seeks high sustained return on investment; above average earnings per share growth; and attractive valuation. The resulting portfolio is expected to include 40-70 positions. After constructing the Fund's portfolio, the Adviser will seek to mitigate risk through asset diversification and limits on individual position sizes, as well as the monitoring of absolute and relative sector weights.

In general, the Adviser will sell a security when it reaches a predetermined price target. In addition, the Adviser has other sell disciplines in place, such as a fundamental change in a company's business, a change in the company's management or a failure by management to execute the business plan. A sale may also occur if the Adviser identifies a more attractive investment opportunity or if a position size grows to more than 5% of the Fund's portfolio.

PRINCIPAL RISKS

As with all mutual funds, there is no guarantee that the Fund will achieve its investment objective. You could lose money by investing in the Fund. **A Fund share is not a bank deposit and it is not insured or guaranteed by the FDIC or any government agency.** The principal risk factors affecting shareholders' investments in the Fund are set forth below.

Equity Risk – Since it purchases equity securities, the Fund is subject to the risk that stock prices will fall over short or extended periods of time. Historically, the equity markets have moved in cycles,

and the value of the Fund's equity securities may fluctuate drastically from day-to-day. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments. The prices of securities issued by such companies may suffer a decline in response. These factors contribute to price volatility, which is the principal risk of investing in the Fund.

Growth Style Risk – The price of equity securities rises and falls in response to many factors, including the historical and prospective earnings of the issuer of the stock, the value of its assets, general economic conditions, interest rates, investor perceptions, and market liquidity. The Fund may invest in securities of companies that the Adviser believes have superior prospects for robust and sustainable growth of revenues and earnings. These may be companies with new, limited or cyclical product lines, markets or financial resources, and the management of such companies may be dependent upon one or a few key people. The stocks of such companies can therefore be subject to more abrupt or erratic market movements than stocks of larger, more established companies or the stock market in general.

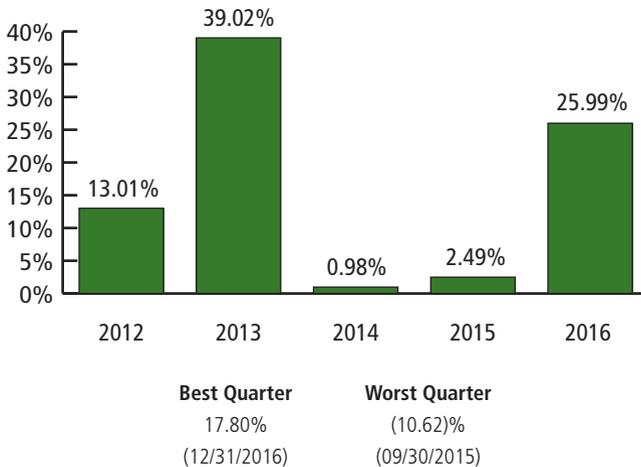

Small Cap Company Risk – Small cap companies may be newly formed or in the early stages of development with limited product lines, markets or financial resources. Therefore, small cap companies may be less financially secure than large- and mid-capitalization companies and may be more vulnerable to key personnel losses due to reliance on a smaller number of management personnel. In addition, there may be less public information available about these companies. Small cap stock prices may be more volatile than large- and mid-capitalization companies and such stocks may be more thinly traded and thus difficult for the Fund to buy and sell in the market.

Value Style Risk – Value investing focuses on companies with stocks that appear undervalued in light of factors such as the company's earnings, book value, revenues or cash flow. If the Adviser's assessment of market conditions, or a company's value or prospects for exceeding earnings expectations is wrong, the Fund could suffer losses or produce poor performance relative to other funds. In addition, "value stocks" can continue to be undervalued by the market for long periods of time.

PERFORMANCE INFORMATION

The bar chart and the performance table below illustrate the risks and volatility of an investment in the Fund by showing changes in the Fund's I Class Shares' performance from year to year and by showing how the Fund's I Class Shares' and Investor Class Shares' average annual total returns for 1 and 5 years and since inception compare with those of a broad measure of market performance. Of course, the Fund's past performance (before and after taxes) does not necessarily indicate how the Fund will perform in the future. Updated performance information is available by calling the Fund at 1-855-4-ALPHAONE.

Total Returns by Calendar Year

Average Annual Total Returns for Periods Ended December 31, 2016

This table compares the Fund's average annual total returns for the periods ended December 31, 2016 to those of an appropriate broad based index.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns will depend on an investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts ("IRAs"). After tax returns are shown only for I Class Shares. After tax returns for Investor Class Shares will vary.

AlphaOne Small Cap Opportunities Fund	1 Year	5 Years	Since Inception (03/31/11)
Fund Returns Before Taxes			
I Class Shares	25.99%	15.42%	11.72%
Investor Class Shares	25.60%	15.15%	11.45%
Fund Returns After Taxes on Distributions			
I Class Shares	25.24%	13.67%	10.09%
Fund Returns After Taxes on Distributions and Sale of Fund Shares			
I Class Shares	15.33%	12.03%	8.98%
Russell 2000 Index (reflects no deduction for fees, expenses, or taxes)	21.31%	14.46%	10.15%

INVESTMENT ADVISER

AlphaOne Investment Services, LLC

PORTFOLIO MANAGERS

Dan Goldfarb, CFA, Senior Portfolio Manager, has managed the Fund since its inception in 2011.

Chris Crooks, CFA, Portfolio Manager, has managed the Fund since its inception in 2011.

PURCHASE AND SALE OF FUND SHARES

To purchase Investor Class or I Class Shares of the Fund for the first time, you must invest at least \$2,500 or \$100,000, respectively. Subsequent investments of Investor Class or I Class Shares of the Fund must be made in amounts of at least \$100 or \$10,000, respectively.

If you own your shares directly, you may redeem your shares on any day that the New York Stock Exchange (the “NYSE”) is open for business by contacting the Fund directly by mail at: AlphaOne Small Cap Opportunities Fund, P.O. Box 219009, Kansas City, MO 64121-9009 (Express Mail Address: AlphaOne Small Cap Opportunities Fund, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105) or by telephone at 1-855-4-ALPHAONE.

If you own your shares through an account with a broker or other institution, contact that broker or institution to redeem your shares. Your broker or institution may charge a fee for its services in addition to the fees charged by the Fund.

TAX INFORMATION

The Fund intends to make distributions that may be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or IRA, in which case your distribution will be taxed when withdrawn from the tax-deferred account.

PAYMENTS TO BROKER-DEALERS AND OTHER FINANCIAL INTERMEDIARIES

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

MORE INFORMATION ABOUT RISK

Investing in the Fund involves risk and there is no guarantee that the Fund will achieve its goal. The Adviser's judgments about the markets, the economy, or companies may not anticipate actual market movements, economic conditions or company performance, and these judgments may affect the return on your investment. In fact, no matter how good of a job the Adviser does, you could lose money on your investment in the Fund, just as you could with other investments.

The value of your investment in the Fund is based on the value of the securities the Fund holds. These prices change daily due to economic and other events that affect particular companies and other issuers. These price movements, sometimes called volatility, may be greater or lesser depending on the types of securities the Fund owns and the markets in which it trades. The effect on the Fund of a change in the value of a single security will depend on how widely the Fund diversifies its holdings.

Equity Risk – Equity securities in which the Fund invests include publicly and privately issued equity securities, common and preferred stocks, warrants, shares of American Depositary Receipts (“ADRs”) and rights to subscribe to common stock and convertible securities. Common stock represents an equity, or ownership, interest in an issuer. Preferred stock provides a fixed dividend that is paid before any dividends are paid to common stockholders, and which takes precedence over common stock in the event of a liquidation. Like common stock, preferred stocks represent partial ownership in a company, although preferred stock shareholders do not enjoy any of the voting rights of common stockholders. Also, unlike common stock, a preferred stock pays a fixed dividend that does not fluctuate, although the company does not have to pay this dividend if it lacks the financial ability to do so. Investments in equity securities in general are subject to market risks that may cause their prices to fluctuate over time. The value of securities convertible into equity securities, such as warrants or convertible debt, is also affected by prevailing interest rates, the credit quality of the issuer and any call provision. Fluctuations in the value of equity securities in which a mutual fund invests will cause the fund's net asset value (“NAV”) to fluctuate. An investment in a portfolio of equity securities may be more suitable for long-term investors who can bear the risk of these share price fluctuations.

MORE INFORMATION ABOUT THE FUND'S OBJECTIVE AND INVESTMENTS

The investment objective of the Fund is to seek long-term capital appreciation.

The investments and strategies described in this Prospectus are those that the Fund uses under normal conditions. During unusual economic or market conditions, or for temporary defensive or liquidity purposes, the Fund may invest up to 100% of its assets in cash, money market instruments and other cash equivalents that would not ordinarily be consistent with its investment objective. If the Fund invests in this manner, it may not achieve its investment objective. The Fund will do so only if the Adviser believes that the risk of loss outweighs the opportunity to pursue its investment objective.

This Prospectus describes the Fund's principal investment strategies and risks, and the Fund will normally invest in the types of investments described in this Prospectus. In addition to the securities and other investments and strategies described in this Prospectus, the Fund also may invest in other securities, use other strategies and engage in other investment practices. These investments and strategies, as well as those described in the Prospectus, are described in detail in the Fund's Statement of Additional Information ("SAI"). For information on how to obtain a copy of the SAI see the back cover of this Prospectus. Of course, there is no guarantee that the Fund will achieve its investment goal.

INFORMATION ABOUT PORTFOLIO HOLDINGS

A description of the Fund's policy and procedures with respect to the circumstances under which the Fund discloses its portfolio holdings is available in the SAI.

INVESTMENT ADVISER

AlphaOne Investment Services, LLC, a Delaware limited liability company formed in 2008, serves as the investment adviser to the Fund. The Adviser is a wholly owned subsidiary of AlphaOne Capital Partners, which, in turn, is a wholly owned subsidiary of AlphaOne Holding, LLC, a private company owned by Paul J. Hondros. The Adviser's principal place of business is located at 789 E Lancaster Avenue, Suite 120, Villanova, Pennsylvania 19085. As of December 31, 2016, the Adviser had approximately \$324.76 million in assets under management.

The Adviser makes investment decisions for the Fund and continuously reviews, supervises and administers the Fund's investment program. The Board supervises the Adviser and establishes policies that the Adviser must follow in its management activities.

For its services to the Fund, the Adviser is entitled to a fee, which is calculated daily and paid monthly, at an annual rate of 1.00% based on the average daily net assets of the Fund. The Adviser has contractually agreed to reduce fees and reimburse expenses to the extent necessary to keep the Fund's net operating expenses (excluding 12b-1 Fees, interest, taxes, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses (collectively, "excluded expenses")) from exceeding 1.50% of the Fund's average daily net assets (the "contractual cap"), until April 1, 2018. The contractual expense limitation agreement may be terminated: (i) by the Board, for any reason at any time, or (ii) by the Adviser, upon ninety (90) days' prior written notice to the Trust, effective as of the close of business on April 1, 2018. In addition, the Adviser has voluntarily agreed to further reduce its fees and/or reimburse expenses in order to keep the Fund's net operating expenses (not including excluded expenses) from exceeding 1.42% of the Fund's average daily net assets (the "voluntary cap"). The Adviser intends to continue this voluntary expense limitation until further notice, but may discontinue all or part of it at any time. If at any point total annual Fund operating expenses (not including excluded expenses) are below the voluntary cap, the Adviser may receive from the Fund the difference between the Fund's total annual Fund operating expenses (not including excluded expenses) and the voluntary cap to recover all or a portion of its prior fee reductions or expense reimbursements made pursuant to the contractual cap during the preceding three-year period during which the contractual expense limitation agreement (or any prior contractual agreement) was in place. For the fiscal year ended October 31, 2016, the Fund paid 1.00% of its average daily net assets in advisory fees to the Adviser.

A discussion regarding the basis for the Board's approval of the Fund's investment advisory agreement will be available in the Fund's Semi-Annual Report to Shareholders dated April 30, 2017, which will cover the period from November 1, 2016 to April 30, 2017.

PORTFOLIO MANAGERS

The Fund is managed by a team of investment professionals, each of whom is jointly and primarily responsible for the day-to-day management of the Fund.

Daniel Goldfarb has been with the Adviser since 2009 when his investment team transitioned to the Adviser from OFI Institutional Asset Management. He serves as Head of the Fundamental Small/Micro Cap team and is responsible for managing the Adviser's Micro Cap Core, Small Cap Growth, and Small Cap Core strategies. He has also served as an equity analyst for these strategies since their inception in 2000. He is jointly and primarily responsible for the day-to-day management of the Fund. Mr. Goldfarb served as a managing director/portfolio manager with the OFI Institutional/Babson Capital organization since 1995. Previously, Mr. Goldfarb held positions at Drexel Burnham Lambert, Smith Barney, and Wilmington Trust. Mr. Goldfarb has covered financial institutions during his entire career as well as several other industries including telecom, electric utilities, and real estate investment trusts. He holds a B.A. from Hobart College and an M.B.A. from Vanderbilt University. Mr. Goldfarb is a CFA charterholder and Treasurer of the Bank Analyst Association of Boston.

Chris Crooks has been with the Adviser since 2009. He is a portfolio manager for the Fundamental Small Cap Core/Growth team and is responsible for managing the Adviser's Micro Cap Core and Small Cap Core strategies. Mr. Crooks also serves as an equity analyst for the Micro Cap Core, Small Cap Core, and Small Cap Growth strategies. He is jointly and primarily responsible for the day-to-day management of the Fund. Prior to joining the Adviser, Mr. Crooks worked in the OFI Institutional/Babson Capital organization since 2003. Previously, Mr. Crooks was a managing director/analyst at Commerce Capital Markets responsible for covering the specialty chemicals and materials sectors. He also was a senior research analyst at Janney Montgomery Scott, LLC. He holds a B.S. in Chemical Engineering from Drexel University and an M.B.A. from Villanova University. Mr. Crooks is a CFA charterholder and is a member of the American Chemical Society.

The SAI provides additional information about the portfolio managers' compensation, other accounts managed and ownership of Fund shares.

RELATED PERFORMANCE DATA OF THE ADVISER

The following table gives the related performance of all actual, fee-paying separate accounts, referred to as the “Composite,” managed by the Adviser that have investment objectives, policies, strategies and risks substantially similar to those of the Fund. The Composite does not reflect all of the Adviser’s assets under management. A complete list of the firm’s composite descriptions is available upon request. The data illustrates the past performance of the Adviser in managing substantially similar accounts. **The data does not represent the performance of the Fund.** Performance is historical and does not represent the future performance of the Fund or of the Adviser.

The Adviser claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. The Adviser has been independently verified for the periods January 1, 2000 to December 31, 2015. Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm’s policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. The Composite has been examined for the periods January 1, 2000 to December 31, 2015. The verification and performance examination reports are available upon request.

Performance results are presented both net of fees and gross of fees. “Net of fees” performance results are net of all fees, expenses and, if applicable, sales loads or placements fees. Because of variation in fee levels, “net of fees” Composite returns may not be reflective of performance in any one particular portfolio. Therefore, the performance information shown below is not necessarily representative of the performance information that typically would be shown for a registered mutual fund.

The performance of the Composite (net of fees) reflects the Adviser’s applicable portfolio fees and expenses; however, the Fund’s fees and expenses are generally expected to be higher than those of the Composite. If the Fund’s fees and expenses had been imposed on the Composite, the performance shown below would have been lower. The Composite is also not subject to the diversification requirements, specific tax restrictions, and investment limitations imposed by the federal securities and tax laws. Consequently, the performance results for the Composite could have been adversely affected if the Composite was subject to the same federal securities and tax laws as the Fund.

The investment results for the Composite presented below are not intended to predict or suggest the future returns of the Fund. The performance data shown below should not be considered a substitute for the Fund's own performance information. Investors should be aware that the use of a methodology different than that used below to calculate performance could result in different performance data.

Performance Information for the Adviser's Small Cap Opportunities Composite^{1,2}

(January 1, 2000 through December 31, 2016)

The following data illustrates the past performance of the Adviser in managing substantially similar accounts and does not represent the performance of the AlphaOne Small Cap Opportunities Fund.

Year	Annual Total Return (Net of Fees) ³	Annual Total Return (Gross of Fees) ³	Russell 2000 Index ⁴	Number of Portfolios	Dispersion ⁵	Total Composite Assets at End of Period (\$ thousands)	Percentage of Firm Assets
2016	27.26%	25.93%	21.31%	5	0.1%	\$254,051	78.77%
2015	2.65%	3.82%	-4.41%	7	0.05%	\$218,159	74.37%
2014	1.11%	2.17%	4.89%	7	0.3%	\$214,007	75.47%
2013	40.97%	39.66%	38.82%	6	0.1%	\$221,275	50.89%
2012	14.01%	15.10%	16.35%	8	0.0%	\$186,032	40.62%
2011	1.92%	2.91%	-4.18%	10	0.1%	\$155,463	41.90%
2010	29.99%	28.78%	26.85%	9	0.3%	\$184,575	49.60%
2009	15.52%	16.67%	27.17%	17	0.8%	\$199,893	0.75%
2008	-23.93%	-23.15%	-33.79%	20	0.6%	\$281,344	0.64%
2007	3.13%	4.16%	-1.57%	14	0.5%	\$274,233	0.49%
2006	15.93%	17.08%	18.37%	17	0.6%	\$286,015	0.58%
2005	10.69%	11.79%	4.55%	24	0.3%	\$380,000	0.29%
2004	19.33%	20.51%	18.33%	25	0.6%	\$423,000	0.55%
2003	43.28%	44.71%	47.25%	22	1.0%	\$352,000	0.98%
2002	-7.18%	-6.24%	-20.48%	21	1.0%	\$261,000	1.01%
2001	30.20%	31.48%	2.49%	12	1.4%	\$213,000	1.38%

¹ The Composite was created in June 1998. The Composite includes fully discretionary portfolios and, prior to June 30, 1998, included a non-fee paying portfolio. The minimum portfolio value requirement for inclusion in the Composite initially was set at \$3 million; however, the minimum value was removed in July 2008.

Performance results include all portfolios under the Adviser's management that meet the Composite definition. A portfolio is included in the Composite when it is deemed that the investments made by the Adviser fully reflect the intended investment strategy. Inclusion will occur by the later of (i) when a portfolio meets the minimum portfolio value for the Composite, if such minimum portfolio value was applicable at the time of inclusion, or (ii) the fifth monthly performance measurement period after the assets come under management. Closed portfolios are included through the last full month under management.

² Management has used a time-weighted, monthly linked rate of return formula with daily adjustments for cash flows, described below. The monthly rate of return for an eligible account is the percentage change in the market value of the account during the month, taking into account the effect of any cash additions or withdrawals that occur during the month. Such cash additions or withdrawals are accounted for using the modified Dietz method. The modified Dietz method weights each cash flow by the amount of time it is held in the portfolio. Management defines a significant cash flow as monthly cash contributions or withdrawals in excess of 10% of an account's value. If management determines that a significant cash flow disrupts the implementation of the investment style and strategy for the respective account, the account is temporarily removed from the Composite at the beginning of the month in which the significant cash flow occurs. The account is returned to the respective Composite the following month. Additional information regarding the treatment of significant cash flows and the calculation of returns is available upon request.

Monthly Composite returns are calculated by asset weighting each account's monthly return based on the beginning-of-month market values. Each quarterly Composite rate of return is determined by compounding the asset-weighted monthly rates of return. The annual returns are computed by compounding the quarterly rates of return.

Performance results are net of execution costs, exclude the effect of all income taxes, and assume the reinvestment of all interest, dividends, and capital gains. Performance presented is based on returns in U.S. dollars. Investments are valued using an independent pricing source. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date.

³ The Composite gross-of-fees returns shown include the reinvestment of income and the impact of transaction costs, but do not include the deduction of investment advisory fees or any other account expenses, such as custodial fees. Composite net of fee returns reflect the deduction of the maximum investment advisory fee as determined by the fee schedule. Composite net of fees returns are net of all fees, expenses and, if applicable, sales loads or placements fees. While actual portfolios incur transaction expenses, pay investment advisory fees, and may incur other account expenses, the benchmark index is shown without the impact of such charges.

⁴ The Russell 2000 Index is a market cap-weighted index that measures the performance of the 2,000 smallest stocks in the Russell 3000 Index, an index that represents approximately 98% of the investable U.S. equity market. The Russell indices have been reconstituted annually since 1989.

⁵ Composite dispersion measures the consistency of a firm's composite performance results with respect to the individual account returns within the composite for the full year. The dispersion of annual returns is measured by the standard deviation across asset-weighted portfolio returns represented within the Composite for a full year. For periods where less than five accounts were included in the Composite, dispersion is not disclosed, as it is not considered meaningful.

PURCHASING AND SELLING FUND SHARES

This section tells you how to purchase and sell (sometimes called "redeem") I Class and Investor Class Shares of the Fund.

I Class Shares are principally designed for purchase by institutional and individual investors who can meet a higher investment minimum. Investor Class Shares are principally designed for purchase by individual investors via various distribution channels with lower initial entry levels. Investor Class Shares have a lower investment minimum than I Class Shares and higher annual operating expenses than I Class Shares because they incur a Rule 12b-1 fee.

For information regarding the federal income tax consequences of transactions in shares of the Fund, including information about cost basis reporting, see “Taxes.”

How to Purchase Fund Shares

To purchase shares directly from the Fund, complete and send in the application. If you need an application or have questions, please call 1-855-4-ALPHAONE.

All initial investments must be made by check or wire. All checks must be made payable in U.S. dollars and drawn on U.S. financial institutions. The Fund does not accept purchases made by third-party checks, credit cards, credit card checks, cash, traveler’s checks, money orders or cashier’s checks.

The Fund reserves the right to suspend all sales of new shares or to reject any specific purchase order for any reason. The Fund is not intended for excessive trading by shareholders in response to short-term market fluctuations. For more information about the Fund’s policy on excessive trading, see “Excessive Trading Policies and Procedures.”

The Fund does not generally accept investments by non-U.S. persons. Non-U.S. persons may be permitted to invest in the Fund subject to the satisfaction of enhanced due diligence. Please contact the Fund for more information.

By Mail

You can open an account with the Fund by sending a check and your account application to the address below. You can add to an existing account by sending the Fund a check and, if possible, the “Invest By Mail” stub that accompanies your confirmation statement. Be sure your check identifies clearly your name, your account number, the Fund’s name and the share class. Make your check payable to “AlphaOne Small Cap Opportunities Fund.”

Regular Mail Address

AlphaOne Small Cap Opportunities Fund
P.O. Box 219009
Kansas City, MO 64121-9009

Express Mail Address

AlphaOne Small Cap Opportunities Fund
c/o DST Systems, Inc.
430 West 7th Street
Kansas City, MO 64105

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of purchase orders does not constitute receipt by the Fund's transfer agent. The share price used to fill the purchase order is the next price calculated by the Fund after the Fund's transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

By Wire

To open an account by wire, call 1-855-4-ALPHAONE for details. To add to an existing account by wire, wire your money using the wiring instructions set forth below (be sure to include the Fund's name, the share class and your account number).

By Automatic Investment Plan (via Automated Clearing House ("ACH")) (Investor Class Shares Only)

You may not open an account via ACH. However, once you have established an account, you can set up an automatic investment plan by mailing a completed application to the Fund. These purchases can be made monthly, quarterly, semi-annually and annually in amounts of at least \$100. To cancel or change a plan, write to the Fund at: AlphaOne Small Cap Opportunities Fund, P.O. Box 219009, Kansas City, MO 64121 (Express Mail Address: AlphaOne Small Cap Opportunities Fund, c/o DST Systems, Inc., 430 West 7th Street, Kansas City, MO 64105). Please allow up to 15 days to create the plan and 3 days to cancel or change it.

General Information

You may purchase shares on any day that the NYSE is open for business (a "Business Day"). Shares cannot be purchased by Federal Reserve wire on days when either the NYSE or the Federal Reserve is closed. The Fund's price per share will be the next determined NAV after the Fund or an authorized institution (defined below) receives your purchase order in proper form. "Proper form" means that the Fund was provided a complete and signed account application, including the

investor's social security number or tax identification number, and other identification required by law or regulation, as well as sufficient purchase proceeds.

The Fund calculates its NAV once each Business Day as of the close of normal trading on the NYSE (normally, 4:00 p.m., Eastern Time). To receive the current Business Day's NAV, the Fund (or an authorized institution) must receive your purchase order in proper form before 4:00 p.m., Eastern Time. If the NYSE closes early — such as on days in advance of certain holidays — the Fund reserves the right to calculate NAV as of the earlier closing time. The Fund will not accept orders that request a particular day or price for the transaction or any other special conditions.

Shares will not be priced on days that the NYSE is closed for trading, including nationally observed holidays. Since securities that are traded on foreign exchanges may trade on days when the NYSE is closed, the value of the Fund may change on days when you are unable to purchase or redeem shares.

Buying or Selling Shares through a Financial Intermediary

In addition to being able to buy and sell Fund shares directly from the Fund through its transfer agent, you may also buy or sell shares of the Fund through accounts with financial intermediaries such as brokers and other institutions that are authorized to place trades in Fund shares for their customers. When you purchase or sell Fund shares through a financial intermediary (rather than directly from the Fund), you may have to transmit your purchase and sale requests to the financial intermediary at an earlier time for your transaction to become effective that day. This allows the financial intermediary time to process your requests and transmit them to the Fund prior to the time the Fund calculates its NAV that day. Your financial intermediary is responsible for transmitting all purchase and redemption requests, investment information, documentation and money to the Fund on time. If your financial intermediary fails to do so, it may be responsible for any resulting fees or losses. Unless your financial intermediary is an authorized institution, orders transmitted by the financial intermediary and received by the Fund after the time NAV is calculated for a particular day will receive the following day's NAV.

Certain financial intermediaries, including certain broker-dealers and shareholder organizations, are authorized to act as an agent on behalf of the Fund with respect to the receipt of purchase and redemption orders for Fund shares ("authorized institutions"). Authorized institutions are also authorized to designate other intermediaries to receive

purchase and redemption orders on the Fund's behalf. The Fund will be deemed to have received a purchase or redemption order when an authorized institution or, if applicable, an authorized institution's designee, receives the order. Orders will be priced at the Fund's next computed NAV after they are received by an authorized institution or an authorized institution's designee. To determine whether your financial intermediary is an authorized institution or an authorized institution's designee such that it may act as agent on behalf of the Fund with respect to purchase and redemption orders for Fund shares, you should contact your financial intermediary directly.

If you deal directly with a financial intermediary, you will have to follow its procedures for transacting with the Fund. Your financial intermediary may charge a fee for your purchase and/or redemption transactions. For more information about how to purchase or sell Fund shares through a financial intermediary, you should contact your financial intermediary directly.

How the Fund Calculates NAV

The NAV of the Fund's shares is determined by dividing the total value of the Fund's portfolio investments and other assets, less any liabilities, by the total number of shares outstanding.

In calculating NAV, the Fund generally values its investment portfolio at market price. If market prices are not readily available or the Fund reasonably believes that they are unreliable, such as in the case of a security value that has been materially affected by events occurring after the relevant market closes, the Fund is required to price those securities at fair value as determined in good faith using methods approved by the Board. Pursuant to the policies adopted by and under the ultimate supervision of the Board, these methods are implemented through the Trust's Fair Value Pricing Committee, members of which are appointed by the Board. The Fund's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore subject to the unavoidable risk that the value that the Fund assigns to a security may be higher or lower than the security's value would be if a reliable market quotation for the security was readily available.

Although the Fund invests primarily in the stocks of U.S. companies that are traded on U.S. exchanges, there may be limited circumstances in which the Fund would price such securities at fair value — for example, if the exchange on which a portfolio security is principally traded closed early or if trading in a particular security was halted during the day and did not resume prior to the time the Fund calculated its NAV.

Purchases In-Kind

Subject to the approval of the Fund, an investor may purchase shares of the Fund with liquid securities and other assets that are eligible for purchase by the Fund (consistent with the Fund's investment policies and restrictions) and that have a value that is readily ascertainable in accordance with the Fund's valuation policies. These transactions will be effected only if the Adviser deems the security to be an appropriate investment for the Fund. Assets purchased by the Fund in such a transaction will be valued in accordance with procedures adopted by the Fund. The Fund reserves the right to amend or terminate this practice at any time.

Minimum Purchases

You can open an account with Investor Class or I Class Shares of the Fund with a minimum initial investment of \$2,500 or \$100,000, respectively. Subsequent investments of Investor Class or I Class Shares of the Fund must be made in amounts of at least \$100 or \$10,000, respectively. The Fund reserves the right to waive or reduce the minimum investment amounts in its sole discretion.

Fund Codes

The reference information listed below will be helpful to you when you contact the Fund to purchase Investor Class and I Class Shares, check daily NAV or obtain additional information.

Fund Name	Ticker Symbol	CUSIP	Fund Code
AlphaOne Small Cap Opportunities Fund			
Investor Class	AOMAX	00769G865	8610
I Class	AOMCX	00769G857	8611

How to Sell Your Fund Shares

If you own your shares directly, you may sell your shares on any Business Day by contacting the Fund directly by mail or telephone at 1-855-4-ALPHAONE.

If you own your shares through an account with a broker or other institution, contact that broker or institution to sell your shares. Your broker or institution may charge a fee for its services, in addition to the fees charged by the Fund.

Certain redemption requests will require a signature guarantee by an eligible guarantor institution. Eligible guarantors include commercial banks, savings and loans, savings banks, trust companies, credit

unions, member firms of a national stock exchange, or any other member or participant of an approved signature guarantor program. For example, signature guarantees may be required if your address of record has changed in the last 30 days, if you want the proceeds sent to a bank other than the bank of record on your account, or if you ask that the proceeds be sent to a different person or address. Please note that a notary public is not an acceptable provider of a signature guarantee and that the Fund must be provided with the original guarantee. Signature guarantees are for the protection of Fund shareholders. Before it grants a redemption request, the Fund may require a shareholder to furnish additional legal documents to ensure proper authorization.

Accounts held by a corporation, trust, fiduciary or partnership may require additional documentation along with a signature guaranteed letter of instruction. The Fund participates in the Paperless Legal Program (the “Program”), which eliminates the need for accompanying paper documentation on legal securities transfers. Requests received with a Medallion Signature Guarantee will be reviewed for the proper criteria to meet the guidelines of the Program and may not require additional documentation. Please contact Shareholder Services at 1-855-4-ALPHAONE for more information.

The sale price of each share will be the next determined NAV after the Fund receives your request in proper form.

By Mail

To redeem shares by mail, please send a letter to the Fund signed by all registered parties on the account specifying:

- The Fund name;
- The share class;
- The account number;
- The dollar amount or number of shares you wish to redeem;
- The account name(s); and
- The address to which redemption (sale) proceeds should be sent.

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services of sell orders does not constitute receipt by the Fund’s transfer agent. The share price used to fill the sell order is the next price calculated by the Fund after the Fund’s transfer agent receives the order in proper form at the P.O. Box provided for regular mail delivery or the office address provided for express mail delivery.

All registered shareholders must sign the letter in the exact name(s) in which their account is registered and must designate any special capacity in which they are registered.

Regular Mail Address

AlphaOne Small Cap Opportunities Fund
P.O. Box 219009
Kansas City, MO 64121-9009

Express Mail Address

AlphaOne Small Cap Opportunities Fund
c/o DST Systems, Inc.
430 West 7th Street
Kansas City, MO 64105

By Telephone

To redeem shares by telephone, you must first establish the telephone redemption privilege (and, if desired, the wire or ACH redemption privileges) by completing the appropriate sections of the account application. Call 1-855-4-ALPHAONE to redeem your shares. Based on your instructions, the Fund will mail your proceeds to you or send them to your bank via wire or ACH.

By Systematic Withdrawal Plan (via ACH) (Investor Class Shares Only)

If your account balance is at least \$2,500, you may transfer as little as \$100 per month from your account to another financial institution through a Systematic Withdrawal Plan (via ACH). To participate in this service, you must complete the appropriate sections of the account application and mail it to the Fund.

Receiving Your Money

Normally, the Fund will send your sale proceeds within seven days after the effective date of your order. Your proceeds can be wired to your bank account (may be subject to a \$10 fee), sent to you by check or sent via ACH to your bank account once you have established banking instructions with the Fund. **If you are selling shares that were recently purchased by check or through ACH, redemption proceeds may not be available until your check has cleared or the ACH transaction has been completed (which may take up to 15 days from your date of purchase).**

Redemptions In-Kind

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise and for the protection of the Fund's remaining shareholders, the Fund might pay all or part of your redemption proceeds in securities with a market value equal to the redemption price (redemption in-kind). The Fund may also redeem in-kind to discourage short-term trading of shares. It is highly unlikely that your shares would ever be redeemed in-kind, but if they were you would have to pay transaction costs to sell the securities distributed to you, as well as taxes on any capital gains from the sale as with any redemption. In addition, you would continue to be subject to the risks of any market fluctuation in the value of the securities you receive in-kind until they are sold.

Involuntary Redemptions of Your Shares

If because of redemptions your account balance drops below \$1,250 for Investor Class Shares and \$50,000 for I Class Shares you may be required to sell your shares. The Fund generally will provide you at least 30 days' written notice to give you time to add to your account and avoid the involuntary redemption of your shares. The Fund reserves the right to waive the minimum account value requirement in its sole discretion. If your shares are redeemed for this reason within 90 days of their purchase, the redemption fee will not be applied.

Suspension of Your Right to Sell Your Shares

The Fund may suspend your right to sell your shares or delay payment of redemption proceeds for more than seven days during times when trading on the NYSE is closed, other than during customary weekends or holidays, or as otherwise permitted by the U.S. Securities and Exchange Commission (the "SEC"). More information about this is in the SAI.

Telephone Transactions

Purchasing and selling Fund shares over the telephone is extremely convenient, but not without risk. Although the Fund has certain safeguards and procedures to confirm the identity of callers and the authenticity of instructions, the Fund is not responsible for any losses or costs incurred by following telephone instructions it reasonably believes to be genuine. If you or your financial institution transact with the Fund over the telephone, you will generally bear the risk of any loss.

PAYMENTS TO FINANCIAL INTERMEDIARIES

The Fund and/or the Adviser may compensate financial intermediaries for providing a variety of services to the Fund and/or its shareholders. Financial intermediaries include affiliated or unaffiliated brokers, dealers, banks (including bank trust departments), trust companies, registered investment advisers, financial planners, retirement plan administrators, insurance companies, and any other institution having a service, administration, or any similar arrangement with the Fund, its service providers or their respective affiliates. This section briefly describes how financial intermediaries may be paid for providing these services. For more information please see “Payments to Financial Intermediaries” in the SAI.

Distribution Plan

The Fund has adopted a distribution plan under Rule 12b-1 of the Investment Company Act of 1940, as amended, for Investor Class Shares that allows the Fund to pay distribution and/or service fees for the sale and distribution of Fund shares, and for services provided to shareholders. Because these fees are paid out of the Fund’s assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. The maximum annual Rule 12b-1 fee for Investor Class Shares of the Fund is 0.25%.

Payments by the Adviser

From time to time, the Adviser and/or its affiliates, in their discretion, may make payments to certain affiliated or unaffiliated financial intermediaries to compensate them for the costs associated with distribution, marketing, administration and shareholder servicing support for the Fund. These payments are sometimes characterized as “revenue sharing” payments and are made out of the Adviser’s and/or its affiliates’ own legitimate profits or other resources, and may be in addition to any payments made to financial intermediaries by the Fund. A financial intermediary may provide these services with respect to Fund shares sold or held through programs such as retirement plans, qualified tuition programs, fund supermarkets, fee-based advisory or wrap fee programs, bank trust programs, and insurance (e.g., individual or group annuity) programs. In addition, financial intermediaries may receive payments for making shares of the Fund available to their customers or registered representatives, including providing the Fund with “shelf space,” placing it on a preferred or recommended fund list, or promoting the Fund in certain sales programs that are sponsored by financial intermediaries. To the extent permit-

ted by SEC and Financial Industry Regulatory Authority (“FINRA”) rules and other applicable laws and regulations, the Adviser and/or its affiliates may pay or allow other promotional incentives or payments to financial intermediaries.

The level of payments made by the Adviser and/or its affiliates to individual financial intermediaries varies in any given year and may be negotiated on the basis of sales of Fund shares, the amount of Fund assets serviced by the financial intermediary or the quality of the financial intermediary’s relationship with the Adviser and/or its affiliates. These payments may be more or less than the payments received by the financial intermediaries from other mutual funds and may influence a financial intermediary to favor the sales of certain funds or share classes over others. In certain instances, the payments could be significant and may cause a conflict of interest for your financial intermediary. Any such payments will not change the NAV or price of the Fund’s shares. Please contact your financial intermediary for information about any payments it may receive in connection with the sale of Fund shares or the provision of services to Fund shareholders.

In addition to these payments, your financial intermediary may charge you account fees, commissions or transaction fees for buying or redeeming shares of the Fund, or other fees for servicing your account. Your financial intermediary should provide a schedule of its fees and services to you upon request.

OTHER POLICIES

Excessive Trading Policies and Procedures

The Fund is intended for long-term investment purposes only and discourages shareholders from engaging in “market timing” or other types of excessive short-term trading. This frequent trading into and out of the Fund may present risks to the Fund’s long-term shareholders and could adversely affect shareholder returns. The risks posed by frequent trading include interfering with the efficient implementation of the Fund’s investment strategies, triggering the recognition of taxable gains and losses on the sale of Fund investments, requiring the Fund to maintain higher cash balances to meet redemption requests and experiencing increased transaction costs.

In addition, because the Fund may invest in small cap securities, which often trade in lower volumes and may be less liquid, the Fund may be more susceptible to the risks posed by frequent trading because frequent transactions in the Fund’s shares may have a greater impact on the market prices of these types of securities.

The Fund's service providers will take steps reasonably designed to detect and deter frequent trading by shareholders pursuant to the Fund's policies and procedures described in this Prospectus and approved by the Board. For purposes of applying these policies, the Fund's service providers may consider the trading history of accounts under common ownership or control. The Fund's policies and procedures include:

- Shareholders are restricted from making more than one (1) "round trip" into or out of the Fund within any 90-day period. If a shareholder exceeds this amount, the Fund and/or its service providers may, at their discretion, reject any additional purchase orders. The Fund defines a "round trip" as a purchase into the Fund by a shareholder, followed by a subsequent redemption out of the Fund, of an amount the Adviser reasonably believes would be harmful or disruptive to the Fund.
- The Fund assesses a redemption fee of 2.00% on redemptions by shareholders of Fund shares held for less than 90 days (subject to certain exceptions as discussed in "Redemption Fee").
- The Fund reserves the right to reject any purchase request by any investor or group of investors for any reason without prior notice, including, in particular, if the Fund or the Adviser reasonably believes that the trading activity would be harmful or disruptive to the Fund.

The Fund and/or its service providers seek to apply these policies to the best of their abilities uniformly and in a manner they believe is consistent with the interests of the Fund's long-term shareholders. The Fund does not knowingly accommodate frequent purchases and redemptions by Fund shareholders. Although these policies are designed to deter frequent trading, none of these measures alone nor all of them taken together eliminate the possibility that frequent trading in the Fund will occur. Systematic purchases and redemptions are exempt from these policies.

Financial intermediaries (such as investment advisers and broker-dealers) often establish omnibus accounts in the Fund for their customers through which transactions are placed. The Fund has entered into "information sharing agreements" with these financial intermediaries, which permit the Fund to obtain, upon request, information about the trading activity of the intermediary's customers that invest in the Fund. If the Fund or its service providers identify omnibus account level trading patterns that have the potential to be detrimental to the Fund, the Fund or its service providers may, in their

sole discretion, request from the financial intermediary information concerning the trading activity of its customers. Based upon a review of that information, if the Fund or its service providers determine that the trading activity of any customer may be detrimental to the Fund, they may, in their sole discretion, request the financial intermediary to restrict or limit further trading in the Fund by that customer. If the Fund is not satisfied that the intermediary has taken appropriate action, the Fund may terminate the intermediary's ability to transact in Fund shares. When information regarding transactions in the Fund's shares is requested by the Fund and such information is in the possession of a person that is itself a financial intermediary to a financial intermediary (an "indirect intermediary"), any financial intermediary with whom the Fund has an information sharing agreement is obligated to obtain transaction information from the indirect intermediary or, if directed by the Fund, to restrict or prohibit the indirect intermediary from purchasing shares of the Fund on behalf of other persons.

The Fund and its service providers will use reasonable efforts to work with financial intermediaries to identify excessive short-term trading in omnibus accounts that may be detrimental to the Fund. However, there can be no assurance that the monitoring of omnibus account level trading will enable the Fund to identify or prevent all such trading by a financial intermediary's customers. Please contact your financial intermediary for more information.

Redemption Fee

In an effort to discourage short-term trading and defray costs incurred by shareholders as a result of short-term trading, the Fund charges a 2.00% redemption fee on redemptions of shares that have been held for less than 90 days. The fee is deducted from the sale proceeds and cannot be paid separately, and any proceeds of the fee are credited to the assets of the Fund. The fee does not apply to shares purchased with reinvested dividends or distributions. In determining how long shares of the Fund have been held, the Fund assumes that shares held by the investor the longest period of time will be sold first.

The redemption fee is applicable to Fund shares purchased either directly from the Fund or through a financial intermediary, such as a broker-dealer. Transactions through financial intermediaries typically are placed with the Fund on an omnibus basis and include both purchase and sale transactions placed on behalf of multiple investors. The Fund requests that financial intermediaries assess the redemption fee on customer accounts and collect and remit the proceeds to

the Fund. However, the Fund recognizes that due to operational and systems limitations, intermediaries' methods for tracking and calculating the fee may be inadequate or differ in some respects from the Fund's. Therefore, to the extent that financial intermediaries are unable to collect the redemption fee, the Fund may not be able to defray the expenses associated with those short-term trades made by that financial intermediary's customers.

The Fund reserves the right to waive its redemption fee at its discretion when it believes such waiver is in the best interests of the Fund, including with respect to certain categories of redemptions that the Fund reasonably believes may not raise frequent trading or market timing concerns. These categories currently include, but are not limited to, the following: (i) participants in certain group retirement plans whose processing systems are incapable of properly applying the redemption fee to underlying shareholders; (ii) redemptions resulting from certain transfers upon the death of a shareholder; (iii) redemptions by certain pension plans as required by law or by regulatory authorities; (iv) systematic withdrawals; and (v) retirement loans and withdrawals.

Customer Identification and Verification

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

What this means to you: When you open an account, the Fund will ask your name, address, date of birth, and other information that will allow the Fund to identify you. This information is subject to verification to ensure the identity of all persons opening a mutual fund account.

The Fund is required by law to reject your new account application if the required identifying information is not provided.

In certain instances, the Fund is required to collect documents to fulfill its legal obligation. Documents provided in connection with your application will be used solely to establish and verify your identity.

Attempts to collect the missing information required on the application will be performed by either contacting you or, if applicable, your broker. If this information cannot be obtained within a reasonable timeframe established in the sole discretion of the Fund, your application will be rejected.

Upon receipt of your application in proper form (or upon receipt of all identifying information required on the application), your investment will be accepted and your order will be processed at the next-determined NAV.

The Fund reserves the right to close or liquidate your account at the next-determined NAV and remit proceeds to you via check if it is unable to verify your identity. Attempts to verify your identity will be performed within a reasonable timeframe established in the sole discretion of the Fund. Further, the Fund reserves the right to hold your proceeds until your original check clears the bank, which may take up to 15 days from the date of purchase. In such an instance, you may be subject to a gain or loss on Fund shares and will be subject to corresponding tax implications.

Anti-Money Laundering Program

Customer identification and verification is part of the Fund's overall obligation to deter money laundering under federal law. The Fund has adopted an anti-money laundering compliance program designed to prevent the Fund from being used for money laundering or the financing of illegal activities. In this regard, the Fund reserves the right to: (i) refuse, cancel or rescind any purchase order; (ii) freeze any account and/or suspend account services; or (iii) involuntarily close your account in cases of threatening conduct or suspected fraudulent or illegal activity. These actions will be taken when, in the sole discretion of Fund management, they are deemed to be in the best interest of the Fund or in cases when the Fund is requested or compelled to do so by governmental or law enforcement authority. If your account is closed at the request of governmental or law enforcement authority, you may not receive proceeds of the redemption if the Fund is required to withhold such proceeds.

Unclaimed Property

Each state has unclaimed property rules that generally provide for escheatment (or transfer) to the state of unclaimed property under various circumstances. Such circumstances include inactivity (e.g., no owner-initiated contact for a certain period), returned mail (e.g., when mail sent to a shareholder is returned by the post office, or "RPO," as undeliverable), or a combination of both inactivity and returned mail. Once it flags property as unclaimed, the Fund will attempt to contact the shareholder, but if that attempt is unsuccessful, the account may be considered abandoned and escheated to the state. More information on unclaimed property and how to maintain an active account is available through your state or by calling 1-855-4-ALPHAONE.

DIVIDENDS AND DISTRIBUTIONS

The Fund distributes its net investment income and makes distributions of its net realized capital gains, if any, at least annually. If you own Fund shares on the Fund's record date, you will be entitled to receive the distribution. Dividends and distributions will automatically be reinvested in additional shares of the Fund, unless you elect to have the distributions paid in cash. To elect to receive your distribution in cash, you must notify the Fund in writing prior to the date of the distribution. Your election will be effective for dividends and distributions made available by the Fund in cash after the Fund receives your notice. To cancel your election, simply send written notice to the Fund. Distributions from the Fund will be taxable to shareholders whether received in cash or reinvested in additional shares. Shareholders who reinvest distributions in the Fund will be required to pay taxes on such distributions from other resources.

TAXES

Please consult your tax advisor regarding your specific questions about federal, state and local income taxes. Below is a summary of the U.S. federal income tax consequences of investing in the Fund. This summary is based on current tax laws, which may change. This summary does not apply to shares held in an IRA or other tax-qualified plans, which are generally not subject to current tax. Transactions relating to shares held in such accounts may, however, be taxable at some time in the future.

The Fund intends to distribute substantially all of its net investment income and net realized capital gains, if any. The dividends and distributions you receive, whether in cash or reinvested in additional shares of the Fund, may be subject to federal, state and local taxation, depending upon your tax situation. Income distributions (including distributions of net short-term capital gains), other than distributions of qualified dividend income, are generally taxable at ordinary income tax rates. Long-term capital gains distributions and distributions that are reported by the Fund as qualified dividend income are generally taxable at the rates applicable to long-term capital gains and currently set at a maximum tax rate for individuals at 20% (lower rates apply to individuals in lower tax brackets). Once a year the Fund (or its administrative agent) will send you a statement showing the types and total amount of distributions you received during the previous year.

Each sale of Fund shares may be a taxable event. The gain or loss on the sale of Fund shares generally are treated as a short-term capital gain or loss if you held the shares for 12 months or less, or a long-term capital gain or loss if you held the shares for longer.

You should note that if you purchase shares just before a distribution, the purchase price would reflect the amount of the upcoming distribution. In this case, you would be taxed on the entire amount of the distribution received, even though, as an economic matter, the distribution simply constitutes a return of your investment. This is known as “buying a dividend” and should be avoided by taxable investors.

U.S. individuals with income exceeding \$200,000 (\$250,000 if married and filing jointly) are subject to a 3.8% Medicare contribution tax on their “net investment income,” including interest, dividends, and capital gains (including capital gains realized on the sale of shares of the Fund).

The Fund (or its administrative agent) must report to the Internal Revenue Service (“IRS”) and furnish to Fund shareholders cost basis information for Fund shares purchased on or after January 1, 2012, and sold on or after that date. In addition to reporting the gross proceeds from the sale of Fund shares, the Fund (or its administrative agent) is also required to report the cost basis information for such shares and indicate whether these shares have a short-term or long-term holding period. For each sale of Fund shares, the Fund will permit shareholders to elect from among several IRS-accepted cost basis methods, including the average basis method. In the absence of an election, the Fund will use the average basis method as the default cost basis method. The cost basis method elected by a Fund shareholder (or the cost basis method applied by default) for each sale of Fund shares may not be changed after the settlement date of each such sale of Fund shares. Fund shareholders should consult with their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about cost basis reporting. Shareholders also should carefully review any cost basis information provided to them and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns.

More information about taxes is in the SAI.

FINANCIAL HIGHLIGHTS

The table that follows presents performance information about the Fund. The information is intended to help you understand the Fund's financial performance for the past five fiscal years. Some of this information reflects financial information for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). The information provided below has been audited by Ernst & Young LLP, independent registered public accounting firm for the Fund. The financial statements and the unqualified opinion of Ernst & Young LLP are included in the 2016 Annual Report of the Fund, which is available upon request by calling 1-855-4-ALPHAONE.

2012	9.05	(0.06)	1.05	0.99	—	(0.22)	9.82

^ Calculation performed using average shares for the period.

Amounts designated as “—” are \$0.

Total Return [‡]	Net Assets, End of Period (000)	Ratio of Expenses to Average Net Assets	Ratio of Expenses to Average Net Assets (excluding waiver, fees paid indirectly & reimbursed fees)	Ratio of Net Investment Loss to Average Net Assets	Portfolio Turnover Rate
(0.69)%	\$127,013	1.30%	1.30%	(0.27)%	27%
10.43	141,512	1.38 ⁽¹⁾	1.28	(0.38)	40
5.47	131,663	1.42 ⁽¹⁾	1.28	(0.48)	75
32.63	128,570	1.42	1.42	(0.14)	50
11.74 ^{††}	75,367	1.42	1.81	(0.39)	52
(0.79)%	\$ 737	1.55%	1.55%	(0.51)%	27%
10.15	779	1.62 ⁽¹⁾	1.53	(0.63)	40
5.28	646	1.67 ⁽¹⁾	1.53	(0.74)	75
32.38	579	1.67	1.67	(0.44)	50
11.30 ^{††}	223	1.67	5.96	(0.64)	52

[‡] Total return is for the period indicated and has not been annualized. Returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

⁽¹⁾ Ratio includes previously waived investment advisory fees recaptured. The net expense ratio would have been lower absent the impact of the recaptured fees.

^{††} Total return would have been lower had certain expenses not been waived or assumed by the Adviser during the period.

AlphaOne Small Cap Opportunities Fund

Privacy Notice

This information is not part of the Prospectus

The Fund recognizes and respects the privacy concerns of its customers. The Fund collects nonpublic personal information about you in the course of doing business with shareholders and investors. “Nonpublic personal information” is personally identifiable financial information about you. For example, it includes information regarding your social security number, account balance, bank account information and purchase and redemption history.

The Fund collects this information from the following sources:

- Information we receive from you on applications or other forms;
- Information about your transactions with us and our service providers, or others;
- Information we receive from consumer reporting agencies (including credit bureaus).

What information the Fund discloses and to whom the Fund discloses information.

The Fund only discloses nonpublic personal information the Fund collects about shareholders as permitted by law. For example, the Fund may disclose nonpublic personal information about shareholders to nonaffiliated third parties such as:

- To government entities, in response to subpoenas or to comply with laws or regulations.
- When you, the customer, direct the Trust to do so or consent to the disclosure.
- To companies that perform necessary services for the Trust, such as data processing companies that the Trust uses to process your transactions or maintain your account.
- To protect against fraud, or to collect unpaid debts.

Information about former customers.

If you decide to close your account(s) or become an inactive customer, we will adhere to the privacy policies and practices described in this notice.

How the Fund safeguards information.

The Fund conducts its business affairs through trustees, officers and third parties that provide services pursuant to agreements with the Fund (for example, the service providers described above). We restrict access to your personal and account information to those persons who need to know that information in order to provide services to you. The Fund or its service providers maintain physical, electronic and procedural safeguards that comply with federal standards to guard your nonpublic personal information.

Customers of other financial institutions.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank or trust company, the privacy policy of your financial intermediary will govern how your non-public personal information will be shared with non-affiliated third parties by that entity.

The Advisors' Inner Circle Fund
